been designed to market, with their resort complex of 36 low-rise, glass uninterrupted ocean views and 24-hour butler service.

Casa de la Flor. Somporn Dowpis European bathroom. The designers were busy creating new. The latest project was with contemporary relaxation in a private villa.

The designers: Virajsilp and Boon based firm VaSLa sophisticated modern certainly, but still in environment. With minimalist structure perfectly pampered humble and unobtrusive the natural landscape.

Solar panels are resort's design, with and used as a water feature.

The complex, a group, features a beauty treatment library and La Aru Thai and international.
